## Record low unemployment, steady openings

Missouri's unemployment rate dropped to its lowest in recorded history in September 2022 after two months of previous records. The state's seasonally adjusted unemployment rate was 2.4 percent in September 2022, down from 2.5 percent in August 2022. The estimated number of unemployed Missourians was 74,542 in September 2022, with an increase of 71,500 jobs over the year from September 2021.

The number of job openings across the state continued to steady with a slight decline in June and September after more than 115,000 openings posted in May 2022. With more than 90,000 openings in July and August, job openings declined to 71,000 in September, still higher than postings any month in 2020 and 2021.
